## **Job Application – Air Conditioning and Refrigeration Apprentice**

Green Efficient Living is an air conditioning, solar and electrical company based in Adelaide and rural South Australia and as our business is growing we are needing dedicated and hardworking teammates to add to it.

As a young and vibrant team, our staff are the epicentre of our business. We pride ourselves on providing a friendly, motivating and team focused atmosphere, that encourages decision making, growth and professionalism.

Green Efficient Living is looking for an Air Conditioning and Refrigeration Apprentice who:

- Is self-driven, reliable and motivated.
- Is a positive individual with a good attitude.
- Possesses the ability to work in a team environment.
- Can take direction.
- Is well-groomed and presented.

The candidate MUST have the following:

- A white card.
- A driver's licence and a reliable vehicle.

While not compulsory, the following are preferable:

- Elevated Work Platform.
- Pre-Voc.
- Working Safely at Heights.

The right candidate will be given:

- A company uniform.
- Full-time work hours with overtime when needed.
- Consistent education and the opportunity to continue learning and growing.

NOTE: Please attach a CV that includes all of the relevant qualifications and experiences that you possess. Include all other licences that you deem applicable to the job and a cover letter that expresses why you will be suitable for the job and how you differ from others.
